

PRACHI VATS | 3.5 Years of Experience

Software Development Engineer (Frontend) | React | React-Native
9821357693 | vatsprachi10@gmail.com | Delhi | [LinkedIn](#) | [GitHub](#)

SUMMARY

Frontend Software Engineer with **3.5+ years of experience** building scalable web and mobile applications using **React, React Native, JavaScript, TypeScript, and Next.js**. Experienced in performance optimization, state management, API integration, and delivering user-centric, production-ready solutions.

SKILLS

Frontend : React, React Native, React Hook Form, JavaScript, TypeScript, HTML, CSS, NextJS ,Tailwind, Material ARIA roles, semantic HTML
State Management: Redux, Redux-Thunk ,Context API.
Testing & Backend : Axios ,Unit Testing, Integration Testing , JEST.
Tools & Practices: GitHub, Jira, Trello, Agile/Scrum, Code Reviews , Client and Stakeholder Management.

WORK EXPERIENCE

Software Engineer | Newgen Software (Noida) |Jan 2025 – Present

- Built a **large-scale digital finance platform** for a leading Saudi Arabian bank, delivering **Cash Finance and Auto Finance** solutions across **Android, iOS, and Web** platforms.
- Developed responsive, cross-platform interfaces using **React, React Native, Redux Thunk, and Axios**, ensuring consistent performance and user experience.
- Built advanced search and filtering features leveraging React Hooks (useMemo, useCallback, useEffect) to minimize unnecessary re-renders, improve rendering performance, and support dynamic theming and multi-language accessibility.
- Led **Android application development**, managing build pipelines, integrating security checks, and optimizing performance through **debouncing and lazy loading** techniques.
- Collaborated with product managers and cross-functional teams, and **mentored new engineers**, accelerating onboarding and improving delivery timelines.

Software Development Engineer | CodeInvicta, Remote | July 2022 – Oct 2024

- Developed and optimized **responsive, scalable UIs for a large-scale e-commerce platform** using **React.js**, reducing page load times by **15%** and improving maintainability.
- Integrated **RESTful APIs** and optimized data fetching using **React Query**, improving application performance by **20%**.
- Built **cross-platform mobile applications** using **React Native**, increasing mobile user engagement by **30%**.
- Led frontend development for a major project using **Next.js and Shadcn**, delivering pixel-perfect UIs aligned with **Adobe design specifications**.
- Ensured application quality through **unit and integration testing (85% coverage)** and collaborated closely with backend teams to deliver stable, production-ready features.

Frontend Instructor |UPGRAD ,Punjab | Aug 2022 – Dec 2022

- Delivered structured training on **React, JavaScript (ES6+), HTML5, and CSS3** to **70+ students**, focusing on component-based architecture and frontend best practices.
- Designed and developed **industry-aligned course content** in collaboration with UpGrad, strengthening students’ practical frontend development skills.
- Facilitated **hands-on coding sessions** and mentored students on JavaScript fundamentals, debugging, and problem-solving to build a strong frontend foundation.

INTERSHIPS

Lead Mentor – Frontend | GirlScript Foundation (Tech In Slum Program) | Oct 2021 – Mar 2022 | Delhi, India

- Reviewed student code and provided structured feedback on **JavaScript logic, React component structure, and state management**, improving code quality and best-practice adoption.
- Assisted in setting up development workflows, including **Git basics and debugging processes**.

Frontend Developer Intern | Bashank Infotech Pvt. Ltd. | May 2021 – Oct 2021 | Delhi, India

- Developed and enhanced UI components using **React.js and JavaScript**, improving usability and responsiveness.
- Fixed frontend bugs and collaborated with senior developers to implement features following clean coding practices.

EDUCATION

- Dr Akhilesh Das Gupta Institute of Technology & Management, Delhi - Bachelor of Technology - BTech, Electrical, Electronics and Communications Engineering, Electrical - **CGPA: 9.5** **2019 – 2022**
- kasturba Institute of Technology, Delhi - Diploma, Electronics and communication - **CGPA: 8.4** **2015 – 2018**
